

Introducing New PSC TubularGuider® Hand Safety Tool

Now Control & Guide Tubulars with Safety & Ease

- ▶ With the new PSC TubularGuider® now reduce pinch and crush related injuries while working with suspender tubular loads.
- ▶ The PSC TubularGuider® features non-slip grips, locking mechanism and super strong aluminium shaft.
- ▶ The Dual Release uses a spring loaded noose release to extend the cable through the tool to release the tubular or the slide control which instantly drops the noose from the tool.

Applications of PSC TubularGuider®

- ▶ Grab Tubulars
- ▶ Guide Tubular into position
- ▶ Guide and land Suspended loads
- ▶ Guide and move pipes
- ▶ Pull Suspended Pipes

Available in 2 sizes : 36 inches and 60 inches long.
